

REMACLEAN SGB

Electrically Driven Conveyor Belt Cleaning Brush with Rubber Bristles and a Spindle Clamping Device

REMACLEAN SGB conveyor belt cleaning brush is ideal for cleaning cleated and chevron belts. Thanks to the glued-on rubber brush cover, effective and gentle cleaning of the conveyor belt is ensured. The spindle clamping device ensures easy assembly and adjustment of the system.

BELT CLEANING SYSTEM

REMACLEAN – Belt Cleaning Brushes

REMACLEAN SGB

Benefits

- Effective cleaning of cleated and chevron belts
- Highly flexible and extremely gentle on the belt due to rubber bristles
- For belt speeds up to 2.5 m/s
- Easy adjustment thanks to spindle clamping device
- For belt widths from 400 – 1,400 mm
